CAREER OBJECTIVE

I am dedicated to an education in Computer Science Engineering. I am committed to continuous learning and am eager to apply my technical skills to create innovative solutions in a dynamic development environment.

WORK EXPERIENCE

Full Stack Development • Internship

Emglitz Technologies, Coimbatore

Full stack development in emglitz technologies

Powered by INTERNSHALA

Jul 2024

EDUCATION

BE, Computer Science & Engineering

Hindusthan Institute of Technology

CGPA: 8.20/10

Senior Secondary (XII), State Board

Thanthai Hans Roever Matric School

2022 - 2026

Percentage: 80.00%

Secondary (X), State Board

Thanthai Hans Roever Matric School

2022

Percentage: 61.00%

2020

TRAININGS / CERTIFICATIONS

Machine Learning Foundation Certification

Nov 2024

Infosys Springboard, Virtual

PORTFOLIO

PROJECTS

Mobile Application for Direct Market Access for Farmer

Jun 2025 - sep 2025

The motive of our project is to link farmers directly with buyers. Middlemen usually take commissions, which reduces the farmers' profit. Our aim is to eliminate the middlemen and create a direct connection between farmers and buyers.

10T based Public Toilet Cleaning

Jan 2025 - Apr 2025

Our motive is to ensure clean and hygienic public toilets. To achieve this, we are developing an loT-based public toilet cleaning system using hardware components. The system will include water sensors, UV sensors, odor sensors, motion sensors, pressure sensors, and microcontrollers (e.g., Arduino, Raspberry Pi).

Startupverse

Jun 2025 - Jul 2025

Many people have startup ideas, but they lack sponsors who can guide them and help bring their projects to life. Our website aims to bridge this gap by identifying startup ideas and connecting sponsors directly with the innovators. Users can upload their project details and ideas, and sponsors will be able to review them and reach out for potential collaboration.

SKILLS

- Python
- Java
- HTML
- css
- JavaScript
- React
- MongoDB
- Next.js
- Node.js
- Firebase

EXTRA CURRICULAR ACTIVITIES

- Participated in SIH 2024
- Participated in MSME 2024
- Participated in L&T Techgium

ADDITIONAL DETAILS

- Area Of Interest - Full-Stack development
- Area Of Interest - web developer
